Scope and Content: The book is an authoritative retelling of Arnprior's past, covering the period from 1823 to 1984. It also relates many statistics and facts about the town of Arnprior. This book is an excellent reference tool to anyone interested in learning more about the town of Arnprior. The following subject index consists mostly of names. Only photos of significant place/name entries are indexed. Index prepared by Laurie Dougherty in November-December 1995; some entries added by Peter Hessel in December 1995 and later. Also see August 24, 1983 issue of the Chronicle for interview with Lavoie about book.

McNab Township Land Records - McNab - Early Owners
https://search.adarchives.org/en/permalink/archivaldescr1767
Date: 1825 - 1970 circa
Format: textual records
Collection/Fonds: Reference Material
Description Level: Item
Series: 6
Creator: Archives Volunteers
Physical Description: part of red binder
History / Biography: The following indexes were compiled by several volunteers under the supervision of Arnold McIntyre at the Arnprior & District Archives using Renfrew County Abstract Indexes for the Township of McNab, Sand Point and Mansfield. This project was completed over a two year period; between 2004 & 2006. As described in Peter Hessel’s book McNab - The Township, the survey for McNab township was completed in 1824 by John McNaughton, who was an apprentice of Reuben Sherwood. Many of the original settlers signed articles of agreement with the Laird in Scotland in 1825. Another group from Scotland arrived in 1830. They traveled at their own expense and settled the rear of the Township near White Lake. Researchers should refer to McNab – The Township for a detailed account of the unusual conditions the settlers faced for the first twenty years that they lived in the Township.

Scope and Content: This index is for the Township of McNab. Indices for Sand Point and Mansfield are in separate descriptions. Occasionally, the clerk of the Land Records Office misspelled the land owner’s name; so researchers must be vigilant in searching the listing for all variable forms of names. For instance the name McLachlan may be spelled in seven different ways: McLachlan, McLochlan, McLauchlan, McLauchlin, McLaughlan and McLaughlin. Other names with variant spelling include Barry and Barrie; Hedrick and Headrick; Russet, Rosette and Rosset; McNiven, and McNeven; Havy, Hevy, Heavy and Havey; Oram, Orem and Orum; Ledgerwood and Legenwood.

Researchers interested in family history will be able to find where and when their ancestors held land in McNab Township. Moving from these lists, they can then refer to the copy books and view the original instruments which are held in the archives. Documents relating to land transactions prior to 1867 are held in the Archives of Ontario, but copies may be viewed at the Renfrew County Land Records Office (LRO) in Pembroke, Ontario.

The following index is sorted by lot and concession. An index sorted by title holders is available in Section 2 of the binder (located in Reading Room).

Concession A, B, C, D refer to Concession 12, 13, 14 & 15 respectively. Information in the first four rows of the listing was taken from three separate McNab Township copy books held at the archives. They record original patent holder, concession, lot, and date the land was granted from the Crown.

The property owner in 1861 is listed in the fourth row. These 1861 names were printed in an early copy of the Arnprior Chronicle newspaper and are included here for comparison purposes only. In some cases, the original land owner was the same person listed as owning the land in 1861, but land was often granted to individuals who had no interest in settling on the land. For instance, the land surveyor Reuben Sherwood was granted the patent for 25 lots in the Township but did not live on any of them. In other cases, settlers occupied land for many years before the patent was granted. For instance the patent for the South West ½ of lot 1, Concession 3 wasn’t granted until 1973!

Notes: Other sources of information related to land ownership in McNab are assessment and collector’s rolls (held at the Arnprior and District Archives) and the general register of wills (held at the LRO). Various branches of the South Renfrew Women’s Institute have compiled the history of farms in McNab Township for their Tweedsmuir History books. The Arnprior & District Archives holds these valuable records along with copies of private individual’s research and recollections about the history and development of the Township.

In 1852, Daniel McLachlin bought the water power at the mouth of the Madawaska and 400 acres of property at Arnprior where the Buchanan Brothers had once operated a grist mill and lumber mill. He rebuilt the mill and dam in 1853, had the village of Arnprior surveyed in 1854 and steadily expanded his operation. Prior to this, Daniel had been in partnership with his brother Hugh in Bytown (Ottawa), where they operated a store and grist mill. 

Early records also show that Daniel and his brother William delivered a raft of white pine timber to the firm of William Sharples and Sons (Quebec) in 1835. McLachlin's original mill in Arnprior was water-powered and contained one upright saw. McLachlin cut one board at a time from the square timber taken from the abundant supply of white pine and red pine along the banks of the Madawaska river. Eventually, a circular saw was added to the operation and when the Brockville and Ottawa Railway reached Arnprior in 1864, McLachlin was ready to supply the American market with sawn lumber. 

In 1865, a new mill (No. 1) called “the big water mill” was built and the area around the mill was cleared for laying railway track and piling lumber. By June 1866, this new mill was in full operation and construction of Mill No. 2 called “the little mill” took place in 1867. McLachlin owned timber limits along the Coulonge, Petawawa, Kippewa, Black and Madawaska rivers. Annual output at this time was about twenty-five million feet of lumber and square timber, with an approximate value of half a million dollars. In 1869, at the age of 59, Daniel McLachlin retired, leaving the business to his sons John H. McLachlin, Claude McLachlin and Hugh F. McLachlin. This is when the partnership known as McLachlin Brothers was formed. Daniel McLachlin and John H. McLachlin both died in 1872, leaving brothers Claude and Hugh Frederick to run the business. 

A year before Daniel McLachlin’s death, a steam-powered mill (No. 3) was built along the southern shore of the Ottawa river, east of the Madawaska. This mill burnt on September 10 1875 but was rebuilt and enlarged in 1882. Mill No. 4 was erected further east along the Ottawa river ten years later. By 1893, the Ottawa, Arnprior & Parry Sound railway came through Arnprior which ensured transport to the expanding southern market. In 1897, with the decline of the world.
economy, McLachlin Bros. offered the mills and extensive timber limits for sale by public auction through Russell House in Ottawa. Apparently, there were no buyers and the firm survived. In 1912, Dan McLachlin (son of H. F. and grandson of Daniel) was responsible for running the family business when his father passed away. Unfortunately, by the early 1920s the firm was in decline and the mills ceased operation in 1929. Mill No. 2 operated again to saw logs for shipment to the J.R. Booth Company between 1936-1938.

Dan McLachlin became involved with other business ventures including the Dye & Chemical Co. Ltd. and the Metallic Manganese Company until his death in 1954. Biographical Sketches Various sources list the birth date of Daniel (christened Donald) McLachlin as 1810, while research by descendent Hugh F. McLachlin (b. 1907) lists 1809 as his date of birth. All sources agree that he was born in the Township of Rigaud, near Pointe-Fortune, Quebec to parents Hugh McLachlin and Janet McLean who emigrated from Kilmallie Parish, West Scotland in 1802. Daniel was one of 13 children (8 girls, 5 boys) born between 1795 and 1820. Daniel began working with his younger brother William in the timber trade around Pointe-Fortune in the mid 1830’s. In 1837, he married Maria Harrington and moved to Bytown (Ottawa) which was the centre of lumbering activity on the Ottawa river. He bought extensive lumber limits along the Madawaska and Indian rivers. He was the first to erect a saw mill and grist mill at the Chaudiere falls. He was also a general merchant at this time with his brother Hugh until 1855. Daniel McLachlin changed his name from McLachlan at an early point in his life but the exact date is unknown. When Daniel McLachlin moved his family to Amprior in 1857, they lived in a stone house called “the hill” which overlooked the Ottawa river. Early photographs in the Macnamara collection show intricate hedges, extensive lawns and decorative gardens surrounding the house. Maria and Daniel had 8 children; 2 girls and 6 boys between 1836 and 1854. Twins Jessie and William arrived in 1838. William died at the young age of 7 while Jesse lived until the age of 82. She married Jack Usborne, son of a successful lumberman from Fort Colounge, Quebec. Harriet Amelia McLachlin was born in 1840. She married Lindsey Andrew Russell, a McLachlin Bros. employee in 1862, and died in 1924.

Hugh Frederick was born in 1843. He and his wife Mary Champney married in 1879 and lived with their 11 children in the stone house his father had built. H. F. McLachlin died in 1912, leaving his first-born son Daniel (b. 1881 d. 1954) to run the McLachlin Bros. business and support a large, extended family. John McLachlin lived between 1845 and 1876. Not much is known about his life or death. Daniel McLachlin (the younger) was born in 1848 but died one year after his brother at the age of 29. Claude, the last born son of Maria and Daniel McLachlin was born in 1854. He married two sisters, Norma and Mabel VanCortland and died in 1904. Daniel McLachlin is acknowledged as the “founder” of Amprior. He was responsible for its growth through the expansion of his mills and the hiring of hundreds of men to work in the bush and on the river drive each spring. A plan of the village by provincial land surveyor John A. Snow dated June 17th 1854, shows a timber slide and one mill on the east side of the Madawaska and lots laid out between Madawaska and Ottawa streets on the west side. Another plan done in 1885, shows the expansion of the village to twice the original size. McLachlin was known for his benevolence towards his employees and contributed to the social and political life of the town. He was elected as MPP for Bytown in 1851 but did not run again in 1854. He returned to politics in 1867 when he was acclaimed as Member of Parliament for South Renfrew. He retired from politics and the lumber business in 1869 and died February 6th, 1872.

In the summer of 2003, Clarence and Debbie Hodgins donated the records of the McLachlin Bros. to the Amprior & District Archives. The Hodgins discovered them in a log shed when they purchased their farm property between Amprior and Braeside. They understood that the previous owner of the property bought this material at a local auction. The records were very dirty when they were brought into the archives after sitting in the shed for several years. They have been cleaned and those containing mould have been identified. Considering the age and previous storage facilities of these records, they are in fairly good condition. The biggest challenge facing the archives was to restore the loose textual records into chronological order and sort them by creator/household. This time consuming task was achieved by the assistance of several volunteers over the winter of 2003/2004.

The McLachlin Bros. funds consists of business records relating to the operation of the McLachlin Bros. lumber mills between 1854 – 1948. The funds also consists of H. F. McLachlin and Dan (son of Hugh Frederick) McLachlin’s household accounts and a sm miscellaneous textual records relating to various other McLachlin family members. Correspondence, statements, records and reports relating to the Dryden Paper Company, Dye & Chemical Co. of Car Manganese Company and the Canada Northern Power Corporation are also included in the funds as they relate to the interests of Dan McLachlin.

Series 2003-0164-1
1854-1948 4m : textual records

The earliest financial record included in this series is an account ledger created by Daniel McLachlin in 1854, which was approximately two years after he arrived in Arnprior. The collection of cash books, day books, letter books, lumber shipping book etc. are a record of business activity of this family-run business over a 94 year period.

Material already described at the Archives of Ontario (timber licenses and contracts, invoices, bills of lading, correspondence) will fill part of the gap in these records.

The records reveal accounts with local people when McLachlin built a flour mill in 1863. Other books show the growth in his business when he expanded operations from two mills to three in the mid 1870's.

For years, many people have speculated about the reason for the closure of the McLachlin Bros. mills which at one time were a major supplier of sawn lumber in North America. The records contained in this series such as the Petty Cash Book and Day Books (1928-1948) will be of interest to certain researchers.

When H. F. McLachlin died in 1912, the estate was divided up amongst the various McLachlin family members. Six ledgers concerning these disbursements ending in 1929, are contained in this series.

John H. McGonigal fonds
https://search.adarchives.org/en/permalink/archivaldescr600

Date: 1866, 1893, and 1962
Format: textual records photographic sound recordings
Collection/Fonds: John H. McGonigal fonds
Description Level: Fonds
Physical Condition: 2.5 cm textual record; one audio cassette.

History / Biography:
John McGonigal ancestor’s were some of the earliest settlers in the Arnprior area. Several streets are named after his family members. A family history, compiled by John McGonigal shows that brothers Hugh, John and William McGonigal left county Donegal, Ireland to settle in Arnprior in 1812. John McGonigal is a descendant of Hugh McGonigal and Margaret McLachlin also of Donegal Ireland.

Scope and Content:
Fonds consists of three items relating to the history of Arnprior:
1. 1893 indenture between Peter McGonigal and the Ottawa Arnprior and Parry Sound Railway describes the sale of certain lands around Tierney, Patrick and Meghan streets, for nineteen hundred dollars to the railway company. The document is a duplicate of one filed in the Renfrew county registry office, produced by the deputy registrar [James] Spencley and witnessed by Arthur Burwash, barrister-at-law.
2. The 1962 audio cassette recording is called “A History of Arnprior”. It was produced around the time that Mr. McGonigal was actively involved with Arnprior’s centennial activities. Mr. McGonigal disputes local history that Kennel lodge was chief McNab’s home. He contends that this was a McGonigal residence. He sites an 1806 Quebec Gazette article which reports that land was granted to a William McGonigal before McNab made his claims to the land.
3. In 2004, John McGonigal donated a small leather journal which dates from 1866 to 1869 that may have belonged to his grandfather John Cunningham. John Cunningham ran a business selling liquor in Arnprior around Elgin and Harriet streets. The book contains many Arnprior business names and amounts paid in taxes which were then paid to the treasurer. Mr. Cunningham may have been the town’s assessor at this time.

Accruals: Accruals are expected.

3 x 4 Handford Glass Plate Negatives
https://search.adarchives.org/en/permalink/archivaldescr1864

Date: 1895 - 1940
Format: photographic
Collection/Fonds: Handford Studio collection
Description Level: Sub-Series
Series: 1.1
Creator: A. L. Handford
Physical Description: approx.1618 glass plate negatives
Physical Condition: glass plate negs are in poor to good condition.
Conservation: Many of the glass plate negatives are dirty, some of them were fused together due to dampness. All negs were re-housed.
History / Biography: August Lewis Handford (1872 - 1949) operated a photographic studio in the McAndrew Block in downtown Renfrew, Ontario between 1895 and 1925. He was known as 'A. L. Handford' most of the time and 'Gus Handford' for a short period.
Scope and Content: The following Sub-Series consists of box lists for Handford's 3 x 4 Glass Plate Negatives. A separate Sub-Series exists in this database for the larger sized negatives. It appears that many of Handford's earliest negatives were fixed on the smaller glass plates but as the date range indicates, smaller sized plates were used right up to the 1940's, presumably for convenience.
The box number corresponds to the original box the negatives were in and are now used as index dividers. Not all boxes are present, some being destroyed over the years. Most negatives have the box number and identification of the client written on the edge. The smaller negatives are housed in the wooden drawers of a library card index cabinet. Names have been input as seen on the negative with none of the many spelling errors corrected. In some cases, the area that the portrait subject lived is included in the plate identification eg. Nicolas Youkowski (McNab) indicates this man was from McNab township and Mrs. F. McDonald (Arnprior) etc.
