Collection/Fonds: Reference Material

Description Level: Fonds

Creator: Archives Volunteers

Scope and

Content:

There is a variety of Reference Material within the Arnprior McNab/Braeside Archives apart from the historical material held in the vault and described in various fonds in this database. This Reference material has been divided into 11 series based on physical format, function or thematic group. Some are finding aids developed by volunteers within this Archives, while others are books and information from other sources.

The Series are:

1. Books
2. Maps
3. Birth, Marriage and Death indexes from Arnprior Newspapers
4. Census
5. Family Trees
6. Land Records
7. Vital Statistics
8. Subject Files
9. Microfilm from Ontario Archives
10. Cemeteries
11. Research Projects

Within most series the items are documented separately.

Notes:

Work is ongoing to record all reference material in this database or to make available reference materials online [2022].
